The yellow mandatory field is asking for a starting rate for the pressor medication.

If you left click on the Order Comments tab, it shows suggested Usual Rates and Maximum Rates as references. It also offers guidance to ordering vital signs parameters for nursing.

Left click on the ^{Details} tab to continue ordering.

Highlight the mandatory field for Starting Rate. Enter a numeric value <u>only</u>. 8 in this example.

NOTE: Units are already entered as mcg/min in the next line.

Other vital sign parameters may also be ordered to titrate the pressor medication.

For example, to a MAP of 60 mmHg.
